REPORT ON TITLE

Proposed acquisition of Kingsmoor House, 40-46 Wellington Street, Leeds LS1 2DE

Prepared for: Aldous Wren Capital Limited / AWC Kingsmoor Propco Limited

Our ref: JO/EM/WC-00207 | Date: 18 March 2026 | STRICTLY PRIVATE & CONFIDENTIAL

1. Introduction and instructions

We have been instructed to investigate the title to, and report on the legal aspects of, the freehold property known as Kingsmoor House, 40-46 Wellington Street, Leeds LS1 2DE (the "Property"), which your group proposes to acquire from Harkness Pension Trustees Limited (the "Seller") for £14,150,000 (exclusive of VAT), the purchase to be made through the special purpose vehicle AWC Kingsmoor Propco Limited (the "Buyer"). This report should be read together with the Contract for Sale, the CPSE replies dated 4 March 2026, the tenancy schedule and the disclosed reports.

2. Executive summary

Subject to the matters flagged as action points in section 9, title to the Property is good and marketable and we are able to recommend that you proceed to exchange. The Property is registered with title absolute and the Seller is the registered proprietor. The principal points requiring your attention before completion are: (i) the outstanding rent review of the third-floor letting (dealt with by a £45,000 retention); (ii) confirmation of the Buyer's VAT registration and option to tax for TOGC treatment; and (iii) the tenant break options over the next 24 months, which affect the income profile.

3. The registered title

Item	Detail
Title number	WYK482116
Class of title	Freehold — title absolute
Registered proprietor	Harkness Pension Trustees Limited (registered 09.06.1998)
Price stated last transfer	£9,850,000 (transfer dated 3 May 2016)
Property register	Freehold land shown edged red; benefit of rights over rear service road
Proprietorship register	Title absolute; no restriction other than the standard trustee restriction (Form A not applicable)
Charges register	Deed of easement (12.05.1998) — sub-station; no subsisting legal charge

The Charges Register does not disclose any subsisting mortgage or legal charge. A charge in favour of Clydesford Bank plc dated 2016 was discharged (DS1 dated 2019) and no entry remains. We will make a pre-completion OS1 priority search and a bankruptcy/company search against the Seller.

4. The occupational tenancies

The Property is fully let under seven occupational leases producing a passing rent of £1,043,000 per annum. The weighted average unexpired term is approximately 5.1 years to expiry and 3.9 years to the earliest break. Key points:

Tenant / floor	Rent p.a.	Expiry	Break / review	Comment
Meridian Software (UK) Ltd (Grd & 1st)	£312,000	23.06.2032	Break 24.06.2028	Rent deposit £138,500; strong covenant
Halcyon Retail Group Ltd (2nd)	£196,500	28.09.2030	Review 09.2027	Rent deposit £50,000
Aldermere Consulting LLP (3rd)	£188,000	24.03.2031	Review 25.03.2026 (open)	Review outstanding — retention £45,000
Brookmere Asset Mgmt plc (4th)	£171,500	10.12.2029	Break 11.12.2027	Service-charge query (see s.6)
Cavendish Legal Services Ltd (5th pt)	£96,000	31.03.2028	None	Short term; re-letting risk 2028
Northgate Recruitment Ltd (5th pt)	£54,000	29.09.2027	None	Short term
The Wellington Coffee Co Ltd (retail)	£25,000	24.06.2033	Review 2028	Stepped rent from 06.2026

We have reviewed each lease and the two rent deposit deeds. The leases are on substantially institutionally acceptable terms (FRI, upward-only reviews, standard alienation). The benefit of the rent deposit deeds will be assigned to the Buyer on completion and the Seller will account to you for the deposit monies (£188,500 in aggregate).

5. Rent review and the retention

The Aldermere Consulting LLP review dated 25 March 2026 is unagreed. The Seller's managing agent estimates an uplift from £188,000 to c. £205,000 p.a. To avoid delaying completion, the parties have agreed a retention of £45,000 from the purchase price (clause 9.3 of the Contract and a separate retention letter), to be held by us as stakeholder and released to the Seller three months after completion, less any amount properly attributable to the review. We consider this a satisfactory mechanism.

6. Service charge and management

The 2025 service-charge accounts show expenditure of £214,600, fully recovered. There is an unresolved query from Brookmere Asset Management plc regarding c. £9,200 of 2024 lift-refurbishment cost. The sum is immaterial and the Seller regards the query as unfounded; we recommend you take an assignment of the benefit of the management records and continue to reserve the position. Building management is outsourced to Brookfield FM Ltd under a contract terminable on completion; no TUPE transfer is expected.

7. Searches

Search	Result
Local land charges & CON29 (Leeds City Council)	No adverse entries; no outstanding enforcement or highways issues
Drainage & water (CON29DW)	Property connected to mains foul and surface water; public sewer within boundary noted
Environmental (desktop)	Low risk; historic use consistent with commercial; no contamination indicated
Chancel repair	No liability indicated; indemnity not considered necessary
Flood	Low risk (Zone 1)

8. VAT and SDLT

The Seller has opted to tax the Property. The transaction is structured as a transfer of a going concern (TOGC), so that no VAT is chargeable on the price provided the Buyer is registered for VAT and has opted to tax and notified HMRC before completion, and does not revoke that option. We have confirmed the Buyer's VAT registration is in hand (see action points). SDLT on the purchase price of £14,150,000 at commercial rates is £697,000, payable within 14 days of completion.

9. Action points before completion

(a) Confirm the Buyer's VAT registration number and option to tax, and provide evidence to the Seller, to secure TOGC treatment. (b) Approve the completion statement and arrange the completion funds (£12,690,000 balance plus £697,000 SDLT). (c) Confirm the retention arrangement and retention letter. (d) Note the break/expiry profile (2027-2028) for asset-management planning. (e) Approve the notices to tenants of the assignment of the reversion.

10. Recommendation

Subject to the action points above, we are satisfied that the title is good and marketable and recommend that you proceed to exchange and completion on the agreed terms.
