NOTICE OF PROPOSAL

Section 31 / Section 26 of the Health and Social Care Act 2008 — Proposal to impose conditions on registration

Issued to:	Ashbourne Healthcare Group Limited
Location:	Maple Court Care Home, Colchester CO2 8QR (ID 1-AHG-MAPLE)
Date of notice:	24 April 2025
Period to make representations:	28 days from the date of this notice (by 22 May 2025)

1. The Commission's proposal

The Commission proposes to impose the following conditions on the registration of Ashbourne Healthcare Group Limited in respect of the regulated activities carried on at Maple Court Care Home:

Proposed Condition 1. The registered provider must submit to the Commission, by the 7th day of each month, a medicines-governance report in respect of Maple Court Care Home in a form to be agreed with the Commission.

Proposed Condition 2. The registered provider must not admit any new service user to Maple Court Care Home without the prior written agreement of the Commission.

2. Our reasons

These conditions are proposed because the Commission identified, on inspection on 11–12 February 2025, serious concerns about the safe management of medicines and the governance and oversight of the service (Regulations 12 and 17). A Warning Notice in respect of Regulation 12 was issued on 6 March 2025. The Commission considers that conditions are necessary to ensure that people using the service are protected from the risk of avoidable harm while improvements are embedded and assured.

3. Your right to make representations

The provider may make written representations to the Commission about this proposal within 28 days of the date of this notice. If representations are made, the Commission will consider them before deciding whether to adopt, vary or withdraw the proposal. The Commission will then serve a Notice of Decision. A Notice of Decision adopting or varying the proposal carries a right of appeal to the First-tier Tribunal (Care Standards).

Signed for and on behalf of the Care Quality Commission
