WARNING NOTICE

Section 29 of the Health and Social Care Act 2008

Issued to:	Ashbourne Healthcare Group Limited (provider)
Registered location:	Maple Court Care Home, Maldon Road, Colchester CO2 8QR
Location ID:	1-AHG-MAPLE
Date of notice:	6 March 2025
Regulation:	Regulation 12 (Safe care and treatment)
Date by which compliance is required:	30 April 2025

1. Why we are giving you this notice

The Care Quality Commission ("the Commission") has formed the view that Ashbourne Healthcare Group Limited ("the provider") is failing, or has failed, to comply with Regulation 12 of the Health and Social Care Act 2008 (Regulated Activities) Regulations 2014 (safe care and treatment) at Maple Court Care Home. This notice is given under section 29 of the Health and Social Care Act 2008.

2. The breach we have identified

On a responsive inspection carried out on 11 and 12 February 2025, the Commission found that the provider did not ensure the proper and safe management of medicines at the service. In particular:

- the medication administration records (MARs) for a resident prescribed an anticoagulant showed two consecutive omitted doses (19 and 20 January 2025) which were not identified or escalated;
- the provider's medicines audit failed to detect the omission and was therefore not effective in identifying risks to people who use the service;
- competency checks for staff (including agency staff) administering medicines were not consistently completed; and
- as a result, a resident was exposed to a significant risk of avoidable harm and was subsequently admitted to hospital.

3. What you must do

The provider must become compliant with Regulation 12 in respect of the safe management of medicines at Maple Court Care Home by 30 April 2025. The Commission will check whether the required improvements have been made.

4. What happens if you do not comply

If the provider does not comply with this notice by the date stated, the Commission may take further enforcement action. This may include imposing conditions on, suspending or cancelling the provider's registration, or bringing a prosecution. The Commission will publish the fact that this Warning Notice has been issued.

5. Your right to make representations

There is no right of appeal against a Warning Notice. The provider may, however, make written representations to the Commission about the factual accuracy of this notice. Any such representations should be sent to the Commission within 10 working days of the date of this notice.

Signed for and on behalf of the Care Quality Commission

J. Hartley

Ms J. Hartley — Inspection Manager, Adult Social Care
