LEGAL DUE DILIGENCE REPORT

Acquisition of Wren & Hartley Limited

Strictly private and confidential — prepared for Calderstone Capital Partners LLP — 5 February 2026

1. Executive summary

This report summarises the principal findings of our legal due diligence on Wren & Hartley Limited (the "Company"), a premium pet-nutrition manufacturer based in Whalley, Lancashire. Our review covered corporate, commercial, employment, property, intellectual property, regulatory (food and feed safety) and litigation matters, based on the documents made available in the Datasite data room between 1 December 2025 and the date of this report and the Company's replies to our enquiries. We have identified no issues that would prevent the acquisition, but draw attention to the key matters in section 2, which are reflected in the SPA and the disclosure process.

2. Key issues and recommendations

Area	Finding	Recommendation
Material contracts	The supply agreement with Pawsome Retail Group (~22% of revenue) contains a change-of-control termination right.	Obtain consent or waiver prior to completion.
Property	The Brookfield Mill lease (to 2039) requires landlord consent for the change of control.	Obtain licence to assign conditional on completion (clause 4.1(a).
Litigation	Employment-tribunal claim by a former employee (R. Whitford), estimated exposure £25,000.	Specific indemnity and warranty cap.
Intellectual property	Word mark registered; paw-print device mark application pending at the IPO.	Warranty as to IP; monitor prosecution.
Regulatory	Environment Agency permit variation for chilled-effluent discharge under review.	Specific disclosure; no enforcement action outstanding.
Employees	Two senior managers on nine-month notice periods.	Reflect in completion planning and retention.

3. Corporate

The Company is a private company limited by shares with 1,000,000 ordinary shares of £1.00 each in issue, held as to 42% by Eleanor Wren, 38% by James Hartley and 20% by the Wren Family Trust. The statutory registers are in order and the PSC register is up to date. There are no options or other rights over the share capital.

4. Financial and accounting (legal aspects)

The audited accounts for the years ended 31 March 2023–2025 were prepared by Lockhart Reade LLP and are unqualified. The Company's net debt at 31 January 2026 was approximately £6.1m, consistent with the estimated equity value of £44.6m used in the SPA. Tax due diligence is being led by Marlow Tax & Advisory Ltd and is addressed separately.

5. Commercial contracts

The Company's revenue is reasonably diversified across grocery multiples, specialist pet retailers and direct-to-consumer channels, although the Pawsome Retail Group relationship is its single largest customer. Save for the change-of-control right noted above, no material contract terminates on the change of control.

6. Conclusion

Subject to satisfaction of the conditions in clause 4 of the SPA and completion of the disclosure exercise, we consider the Company suitable for acquisition on the agreed terms.
