THE COMPANIES ACT 2006
PRIVATE COMPANY LIMITED BY SHARES

AMENDED AND RESTATED ARTICLES OF ASSOCIATION

of CASPIAN TECHNOLOGIES LIMITED (no. 11428637)

Adopted by special resolution passed on 12 June 2026

PRELIMINARY

1. The model articles for private companies limited by shares prescribed under the Companies Act 2006 do not apply to the Company, and these Articles constitute the Company's articles of association.

SHARE CAPITAL AND RIGHTS

2. The share capital of the Company is divided into Ordinary Shares, Series Seed Preferred Shares, Series B Preferred Shares and Series C Preferred Shares, each of £0.0001, carrying the rights and restrictions set out in these Articles.

3. The Series C Shares rank ahead of the Series B Shares, the Series Seed Shares and the Ordinary Shares in respect of the return of capital and the Liquidation Preference.

LIQUIDATION PREFERENCE

4. On a Return of Capital, the assets of the Company available for distribution shall be applied in the following order of priority: first, to the holders of Series C Shares, an amount equal to the Issue Price for each Series C Share (the "Series C Preference", being a 1.0x non-participating preference); secondly, to the holders of Series B Shares; thirdly, to the holders of Series Seed Shares; and thereafter, the balance to the holders of Ordinary Shares pro rata.

5. The Series C Preference is non-participating: after payment of the Series C Preference, the holders of Series C Shares shall not participate further unless they elect to convert into Ordinary Shares and take their pro-rata share of the balance.

CONVERSION AND ANTI-DILUTION

6. Each Preferred Share converts into Ordinary Shares at the option of the holder, and automatically on a Qualifying IPO, at the then-applicable conversion rate (initially 1:1).

7. On a Down Round, the conversion rate of the Series C Shares shall be adjusted on a broad-based weighted-average basis, calculated in accordance with the standard formula CP2 = CP1 × (A + B) ÷ (A + C).

VOTING

8. Subject to any special rights or restrictions, on a show of hands every member present has one vote, and on a poll every member has one vote for each share held. The Preferred Shares carry the right to vote on an as-converted basis.

TRANSFER OF SHARES

9. No share may be transferred otherwise than in accordance with the pre-emption, permitted-transfer, drag-along and tag-along provisions in these Articles and the Investors' Rights Agreement.

10. Permitted Transfers (which are not subject to pre-emption) include transfers by an Investor to an Affiliate and transfers by a Founder to a family trust approved by the board.

LEAVER PROVISIONS

11. If a Founder ceases to be employed or engaged by the Company, his shares shall (depending on whether he is a Good Leaver or a Bad Leaver) be subject to compulsory transfer at Fair Value or the lower of cost and Fair Value respectively, in accordance with the reverse-vesting schedule.

DIRECTORS AND PROCEEDINGS

12. The number of directors shall not exceed five. The appointment and removal of Investor Directors shall be effected in accordance with the Investors' Rights Agreement.

13. Reserved matters requiring Investor consent shall be observed by the board and shall not be approved without the consent required under the Investors' Rights Agreement.

GENERAL

14. The Company may, by special resolution and with the consent of the Series C Majority, alter these Articles. These Articles are governed by English law.
