HALSTEAD AEROSPACE LIMITED

Company number 03914772

MINUTES of a meeting of the board of directors

held at Pinewood Technology Park, Filton, Bristol on 9 January 2026 at 10.00 a.m.

Present

Name	Office
Robert Falconer	Chief Executive Officer (Chair)
Grace Underwood	Group Finance Director
Dr Helena Forsythe	Operations Director
Dr Priya Saxena	Director of Quality
Charles Aldwych	Non-executive Director

In attendance: Sarah Whitfield and James Osei of Whitfield Carter LLP (for items 3–4 only); Naomi Pratt, Company Secretary.

1. Quorum and notice

The Chair noted that due notice had been given and a quorum was present. The meeting was declared open. No director declared any interest in the business to be transacted under section 177 of the Companies Act 2006 other than as recorded at item 4.

2. Minutes of the previous meeting

The minutes of the meeting held on 27 November 2025 were approved as a correct record and signed by the Chair.

3. Project Yarrow — long-term supply agreement with Caldera Mobility Systems plc

The Operations Director introduced the proposed long-term supply and manufacturing agreement (the "LTSA") under which the Company would supply composite airframe primary structures (forward fuselage barrel, centre wing box and outboard wing assemblies) for Caldera Mobility's CMS-1 "Skylark" eVTOL programme. She reported that the engineering qualification (SOW1) was on track for First Article Inspection sign-off in January 2026.

The Finance Director summarised the commercial terms: an initial seven-year term; a planning forecast of 540 Ship-sets with a binding minimum volume commitment of 417 Ship-sets; a Year-1 Ship-set price of £279,500; annual escalation at 80% of CPI capped at 5%, with a carbon-fibre index pass-through; and an indicative aggregate contract value of approximately £148.4 million. She confirmed the forecast margin was consistent with the Company's programme business case.

Whitfield Carter LLP advised on the principal legal terms, including the agreed liability cap (the greater of £10 million or 135% of annual charges), the liquidated-damages and on-time-delivery regime, the intellectual-property and second-source step-in provisions, and the certification-delay relief negotiated into the minimum-volume commitment. The board reviewed the near-final execution version of the LTSA tabled at the meeting.

4. Consideration and approval

After due and careful consideration, and having regard to the directors' duties under sections 171 to 177 of the Companies Act 2006, the board RESOLVED that:

(a) the entry by the Company into the LTSA with Caldera Mobility Systems plc, substantially in the form tabled, be and is hereby approved;

(b) the final commercial and legal terms be settled by the Chief Executive Officer and the Operations Director, with the advice of Whitfield Carter LLP, within the parameters reported to the board;

(c) any one director, or the Company Secretary, be and is hereby authorised to execute the LTSA and any ancillary documents for and on behalf of the Company; and

(d) the Operations Director be authorised to take all steps necessary or desirable to give effect to and implement the LTSA.

5. Any other business

There being no other business, the Chair thanked those present and closed the meeting at 10.55 a.m.

.....

Robert Falconer — Chair

Dated: 9 January 2026
