HALSTEAD AEROSPACE LIMITED

Minutes of a meeting of the Board of Directors

Held at Athena Park, Bristol on 19 February 2025 at 10.00 a.m.

Present: Robert Falconer (Chief Executive, Chair); Grace Underwood (Group Finance Director); Helen Forsythe (Operations Director); Dr Priya Saxena (Director of Quality) — recused and absent for item 4; Margaret Bellweather (Non-Executive Chair).

In attendance: Sarah Whitfield (Whitfield Carter LLP) for item 4.

1. Quorum and conflicts

The Chair confirmed a quorum. Dr Saxena declared an interest in item 4 and withdrew. It was noted that the matter to be considered under item 4 was separate from, and without prejudice to, the independent technical review under item 3.

2. Minutes of the previous meeting

The minutes of the meeting held on 22 January 2025 were approved as a correct record.

3. Independent technical review (quality concern)

The Board noted that the independent technical review of the cure-cycle conformance evidence for the affected Caldera CMS-1 shipsets, commissioned on 24 January 2025, was under way and that the shipsets remained quarantined pending its conclusion. The Board reaffirmed that the review must proceed on its own merits and reach its own conclusions, and that the Company would notify Caldera Mobility Systems plc and, if required, the Civil Aviation Authority of any adverse finding.

4. Proposed settlement — Dr P. Saxena

Ms Whitfield summarised the privileged advice of 21 January 2025. After discussion, and noting the litigation risk inherent in an uncapped whistleblowing claim, the Board RESOLVED:

(a) to approve the settlement of Dr Saxena's grievance and intimated claims on the terms negotiated, comprising an ex gratia compensation payment of £130,000, a payment in lieu of notice of £71,000, a contribution of £750 plus VAT to her legal fees, and outplacement support to a value of £4,000 plus VAT;

(b) to authorise the Chief Executive to execute the settlement agreement on behalf of the Company;

(c) to confirm that the settlement does not, and is not intended to, fetter Dr Saxena's right to make protected disclosures or to communicate with any regulator; and

(d) to note that the total cost to the Company of the settlement, inclusive of employer's National Insurance and the additional company-borne costs, is approximately £232,000.

5. Close

There being no further business, the meeting closed at 10.55 a.m.
