HALVERSON MATERIALS LIMITED

Company number 11984302

MINUTES OF A MEETING OF THE BOARD OF DIRECTORS

Date:	8 December 2025
Time:	10.00 a.m.
Place:	Unit 7, Daresbury Innovation Park, Warrington (and by video conference)
Present:	Dr Anders Halverson (Chair); Rosalind Pierce; Dr Wei Tan
In attendance:	Sarah Whitfield (Whitfield Carter LLP)

1. Quorum and notice. The Chair noted that a quorum was present and that the meeting had been duly convened. There were no declarations of interest beyond those previously notified.

2. Purpose. The Chair reported that the purpose of the meeting was to consider, and if thought fit approve, the entry by the Company into a Patent and Technology Licence Agreement with Northstar Cell Technologies plc (the **Licence**) in respect of the Company's HX-7 sulphide solid-electrolyte platform.

3. Principal terms. The Board noted the principal commercial terms of the Licence: an exclusive, field-limited licence for solid-state battery cells and modules; territory worldwide excluding the People's Republic of China; an upfront fee of £4,500,000; a running royalty of 4.5% of Net Sales; milestone payments of £2,000,000 and £3,000,000; and a minimum annual royalty of £500,000 from Year 3. The term runs to expiry of the last-to-expire licensed patent.

4. Advice. Sarah Whitfield of Whitfield Carter LLP summarised the negotiation, including the movement on the royalty rate from the Company's opening position of 6% to the agreed 4.5%, and the agreement of a liability cap at two times trailing fees. The Board noted the IP due-diligence position and the China territory carve-out.

5. Resolutions. IT WAS RESOLVED that: (a) the terms of the Licence be and are approved; (b) entry into the Licence is in the best interests of the Company and likely to promote its success for the benefit of its members as a whole; and (c) any one director be authorised to execute the Licence and any ancillary documents on behalf of the Company.

6. Close. There being no further business, the Chair declared the meeting closed.

_____

Dr Anders Halverson — Chair
