2. Grant of Licence

2.1 The Licensor hereby grants to the Licensee, with effect from the Effective Date, an exclusive (even as to the Licensor, save as expressly reserved in clause 2.3), royalty-bearing licence under the Licensed IP to research, develop, make, have made, use, import, market, sell and otherwise commercialise Licensed Products in the Field in the Territory.

3.2 The Licensee may exercise the option by written notice to the Licensor at any time during the Option Period, accompanied by payment of the Option Fee set out in clause 6.2.

3.3 If the Licensee does not exercise the option before expiry of the Option Period, the option shall lapse and the Licensor shall be free to deal with the Option Compound without restriction.

4. Governance and the Collaboration

4.1 The Parties shall establish a joint steering committee (the JSC) within 30 days of the Effective Date, comprising three representatives of each Party. The JSC shall oversee the conduct of the Collaboration Plan, review research progress, and approve amendments to the Collaboration Plan.

4.2 The JSC shall meet not less than quarterly. Decisions of the JSC shall be made by consensus. If the JSC is unable to reach consensus on a matter, the matter shall be referred to the Chief Scientific Officers of each Party, failing which the Licensee shall have the deciding vote on matters relating to development and commercialisation, and the Licensor shall have the deciding vote on matters relating to the Licensor’s internal research conduct.

4.3 Each Party shall use Commercially Reasonable Efforts to perform the activities allocated to it under the Collaboration Plan. The Licensee shall fund the Collaboration in accordance with the budget in Schedule 2, up to a maximum of £2,400,000 over the initial two-year research term.

5. Development and Diligence

5.1 The Licensee shall use Commercially Reasonable Efforts to develop and commercialise at least one Licensed Product in each of the United States, the United Kingdom and at least two Major European Markets.

5.2 The Licensee shall provide the Licensor with a written development report not less than once every six months, summarising progress against the development milestones set out in Schedule 4.

5.3 If the Licensee fails to achieve the first development milestone (IND/CTA acceptance) within 39 months of the Effective Date (subject to extension for Force Majeure and regulatory delay not attributable to the Licensee), the Licensor may, as its sole remedy, convert the exclusive licence to a non-exclusive licence on 60 days’ written notice.

6. Financial Provisions

6.1 In consideration of the grant of the licence under clause 2.1, the Licensee shall pay to the Licensor a non-refundable, non-creditable upfront fee of £8,000,000 within 45 days of the Effective Date.

6.2 If the Licensee exercises the option under clause 3, the Licensee shall pay to the Licensor an option exercise fee of £3,000,000 (the “Option Fee”) within 30 days of exercise.

6.3 The Licensee shall pay to the Licensor the development, regulatory and commercial milestone payments set out in Schedule 4, up to an aggregate maximum of £62,000,000, within 45 days of achievement of the relevant milestone.

6.4 The Licensee shall pay to the Licensor tiered royalties on Net Sales of Licensed Products on a Licensed Product-by-Licensed Product and country-by-country basis, at the rates set out in clause 6.5, during the Royalty Term.

6.5 The royalty rates are:

Annual Net Sales of a Licensed Product	Royalty Rate

On the portion up to and including £100 million	7%
On the portion above £100 million up to and including £300 million	9%
On the portion above £300 million up to and including £500 million	11%
On the portion above £500 million	12%

6.6 The “Royalty Term” means, in respect of each Licensed Product in each country, the period from First Commercial Sale until the later of (a) expiry of the last Valid Claim covering that Licensed Product in that country, and (b) ten years from First Commercial Sale in that country.

6.7 Royalties shall be paid quarterly in arrears within 45 days of the end of each calendar quarter, accompanied by a royalty report in the form of Schedule 3. All payments are exclusive of VAT and shall be made in pounds sterling.

6.8 The Licensee shall keep complete and accurate records of Net Sales. The Licensor may, not more than once in any calendar year and on 30 days’ notice, appoint an independent accountant to audit such records. If any audit reveals an underpayment exceeding 5%, the Licensee shall bear the reasonable costs of the audit.

7. Intellectual Property

7.1 All right, title and interest in and to the Calbryn Background IP shall remain vested in the Licensor.

7.2 All Improvements made solely by or on behalf of the Licensee shall be owned by the Licensee. All Improvements made solely by or on behalf of the Licensor shall be owned by the Licensor and shall be included in the Licensed IP. Improvements made jointly shall be owned jointly, and each Party hereby grants to the other a licence under its interest in jointly-owned Improvements to the extent necessary to exercise its rights and perform its obligations under this Agreement.

7.3 The Licensor shall have the first right, but not the obligation, to prosecute and maintain the Patents within the Calbryn Background IP at its own cost. If the Licensor elects not to prosecute or maintain any such Patent, it shall notify the Licensee, which may assume prosecution and maintenance at its own cost, in which case the relevant Patent shall be assigned to the Licensee.

7.4 The Licensee shall have the first right to take action against any third-party infringement of the Licensed IP in the Field. Any recovery shall, after reimbursement of each Party’s costs, be retained by the Party that brought the action, save that the Licensor shall receive an amount equivalent to the royalty it would have received on the infringing sales.

8. Representations and Warranties

8.1 The Licensor represents and warrants to the Licensee that, as at the Effective Date: (a) it is the sole legal and beneficial owner of, or otherwise Controls, the Licensed IP; (b) the Patents listed in Schedule 1 are subsisting and, to the best of the Licensor’s knowledge, are not invalid; (c) it has not granted any licence or other right under the Licensed IP that conflicts with the licence granted under this Agreement; (d) to the best of its knowledge, the exploitation of the Licensed Compounds as contemplated does not infringe the Intellectual Property Rights of any third party; and (e) the disclosures made in the Disclosure Schedule are true and accurate in all material respects.

8.2 Each Party represents and warrants that it has full power and authority to enter into and perform this Agreement.

8.3 Except as expressly set out in this Agreement, all warranties, conditions and terms, whether express or implied by statute, common law or otherwise, are excluded to the fullest extent permitted by law. In particular, the Licensor gives no warranty that any Licensed Product will be successfully developed or will receive Regulatory Approval.

9. Limitation of Liability

9.1 Nothing in this Agreement shall limit or exclude either Party's liability for: (a) death or personal injury caused by its negligence; (b) fraud or fraudulent misrepresentation; or (c) any other liability that cannot be limited or excluded by law.

9.2 Subject to clause 9.1, neither Party shall be liable to the other for any indirect, special or consequential loss, or for loss of profit, revenue, anticipated savings or goodwill.

9.3 Subject to clauses 9.1 and 9.2, the total aggregate liability of the Licensor to the Licensee arising out of or in connection with this Agreement, whether in contract, tort (including negligence) or otherwise, shall not exceed a sum equal to the total amounts paid by the Licensee to the Licensor under this Agreement in the 36 months preceding the event giving rise to the liability, save that for any breach of the warranty in clause 8.1(a) (ownership) or clause 8.1(c) (no conflicting grant) such liability shall not exceed £18,000,000.

10. Confidentiality

10.1 Each Party shall keep confidential all Confidential Information of the other Party and shall not use it other than for the purposes of this Agreement. This obligation shall survive termination for a period of seven years.

10.2 The confidentiality agreement between the Parties dated 8 August 2025 is superseded by this clause 10 in respect of information disclosed on or after the Effective Date.

11. Term and Termination

11.1 This Agreement shall commence on the Effective Date and, unless terminated earlier in accordance with this clause 11, shall continue on a country-by-country and Licensed Product-by-Licensed Product basis until expiry of the last Royalty Term, whereupon the licence in that country for that Licensed Product shall become perpetual, irrevocable, fully paid-up and royalty-free.

11.2 Either Party may terminate this Agreement by written notice if the other Party commits a material breach which is not remedied within 60 days of written notice, or becomes insolvent.

11.3 The Licensee may terminate this Agreement in its entirety, or on a Licensed Product-by-Licensed Product or country-by-country basis, for convenience on 90 days' written notice.

11.4 On termination by the Licensor for the Licensee's material breach, or by the Licensee for convenience, all licences granted to the Licensee shall terminate, and the Licensee shall, at the Licensor's request and on commercially reasonable terms, transfer to the Licensor any Regulatory Approvals and grant the Licensor a licence under the Licensee's Improvements to enable continued development.
