2.1 The Licensor grants the Licensee an exclusive (even as to the Licensor), royalty-bearing licence under the Licensed Patents to develop, make, have made, use, market, sell and import Licensed Products in the Field (the diagnosis, treatment and prevention of cancer in humans) in the Territory (worldwide), with the right to sublicense.

2.3 The Licensor retains the right to use the Licensed Patents for internal, non-commercial research purposes only.
