Dear Sirs

Formal Grievance

I am writing to raise a formal grievance under the Company's Grievance Procedure. I have been employed by the Group since 2013 and have held the position of Group Chief Operating Officer since 2019. I raise this grievance with great reluctance, but I feel I have no alternative given the treatment I have experienced over recent months.

1. Removal of my responsibilities

In October 2025 my direct reports in Operations and the divisional managing directors were re-assigned to report to the newly created Transformation Office, without any prior consultation with me and without any explanation of how my role was expected to function thereafter. This amounts, in substance, to a demotion. It is inconsistent with my status as Group Chief Operating Officer under my service agreement and has undermined my ability to perform my role.

2. Exclusion from the September strategy offsite

I was excluded from the Board strategy offsite held on 25–26 September 2025, at which decisions about the very reorganisation affecting my role were taken. I was given no notice or reason. As the Group's Chief Operating Officer, my exclusion from a strategic meeting of this importance was humiliating and can only have been deliberate.

3. Detriment following my concerns about Brampton Leisure

In July 2025 I raised, in writing to the CFO and separately to the Chair of the Audit Committee, concerns about the way revenue was being recognised on multi-year membership contracts at the Brampton Leisure division, which in my view overstated recognised revenue for the half-year. I raised these matters in good faith and in the reasonable belief that they tended to show a breach of a legal obligation and the presentation of misleading financial information. It is my belief that the erosion of my role since that time is a direct consequence of my having raised those concerns, and amounts to a detriment for having made protected disclosures.

Resolution sought

I ask that the Company (a) investigate these matters through a grievance meeting at which I may be accompanied; (b) restore my responsibilities and status; and (c) confirm that no detriment will follow from my having raised the Brampton Leisure concerns. I reserve all of my legal rights, including my right to resign and claim constructive unfair dismissal and to bring claims for detriment

on the ground of protected disclosures, should this grievance not be resolved satisfactorily.

Yours faithfully

Daniel Whitford
