1. Quorum and notice

The Chair noted that due notice of the meeting had been given and that a quorum was present. The meeting accordingly proceeded to business.

2. Declarations of interest

The directors confirmed that they had no interests to declare in the matters to be considered, save as previously notified to the board.

3. Project Cedar — proposed licence to Verrell Beauty Group plc

The board considered the proposed exclusive patent and know-how licence of the Company's LBX-Series precision-fermentation technology to Verrell Beauty Group plc in the cosmetic and personal-care field (Project Cedar). The Chair and the Chief Financial Officer summarised the principal commercial terms, namely an upfront fee of £1,750,000, milestone payments of up to £4,250,000 in aggregate, and a running royalty of 6% (reducing to 4% for know-how-only sales), with minimum annual royalties stepping to £600,000.

Priya Joshi summarised the legal terms of the near-final form of licence agreement prepared by Whitfield Carter LLP, including the exclusivity (subject to the Company's reserved research right), the field and territory, the reservation to the Company of all fields outside cosmetics and personal care, the improvements regime and the liability cap. The board noted the freedom-to-operate position confirmed by Hartington IP and Whitfield Carter LLP.
