Title number	TGL445218 — freehold, registered, title absolute
Price	£21,750,000 (treated as a transfer of a going concern)
Passing rent	£1,453,500 per annum exclusive

1. Executive summary

We have reviewed the registered title, the eight occupational leases, the replies to CPSE enquiries and the pre-contract searches, all of which are now complete. The local authority search has been received and is clear. The title is good and marketable and we recommend that you proceed to exchange and completion. The Property is a well-let, multi-tenanted office and retail building producing £1,453,500 per annum with a WAULT of approximately 6.2 years to expiry and 4.9 years to first break, reflecting a net initial yield of approximately 6.28% on your purchase price of £21,750,000 after standard purchaser's costs.

2. The freehold title

Title number TGL445218 is registered with title absolute. The registered proprietor is Ravenscroft Estates Limited, registered on 2 May 2014. The property register describes the land edged red on the title plan with the benefit of a deed of grant of rights of access dated 4 March 2014. The charges register contains a single legal charge dated 2 May 2014 in favour of Clydesford Bank plc, which the Seller's solicitors have undertaken to discharge on completion (form DS1 / electronic discharge), together with the eight registered leases and the Thames Water deed of easement dated 12 June 2009.

3. The occupational leases

The Property is let under eight occupational leases in substantially the Seller's institutional form, with full repairing and insuring covenants and upward-only open-market rent reviews on a five-yearly cycle. The aggregate passing rent is £1,453,500 per annum. No tenant is more than one quarter in arrears. Rent deposits totalling £221,500 are held in respect of Units 2 and 5 and will be assigned to you on completion. The Unit 1 lease (Larkfield Media Limited) contains a tenant's break option on 24 June 2027, which drives the WAULT to first break. The Unit 4 rent review (review date 25 March 2025) remains outstanding; the contract provides for its conduct and benefit to pass to you on completion.

4. Searches

The local authority search (LLC1 and CON29) has been received and discloses no adverse entries, no outstanding enforcement or planning notices and no proposals materially affecting the Property. The drainage and water search confirms connection to mains foul and surface water drainage and a metered supply, with a public sewer crossing the rear yard within the Thames Water easement. The environmental search returns a 'passed' risk rating and the chancel check is negative.

5. Special conditions

We have secured in the contract: (a) a £25,000 service charge retention pending the 2025 reconciliation, releasable within 10 working days of agreement; (b) the conduct and benefit of the Unit 4 rent review passing to you, with the Seller restrained from settling it before completion without your consent; (c) full title guarantee; (d) assignment of the rent deposits on completion; and (e) completion arrears accounted for under condition 8 of the SCPC. The contract rate has been agreed at the Law Society rate (2% over Clydesford Bank base).

6. VAT, SDLT and TOGC

The sale is structured as a TOGC. The Seller has opted to tax; you opted to tax and notified HMRC on 9 September 2025, so no VAT is chargeable on the price. SDLT of £1,077,000 will be payable at the non-residential rates and the return must be filed within 14 days of completion. We will attend to filing and payment.

7. Recommendation

All pre-exchange conditions are satisfied. We recommend that you proceed to exchange contracts with a 10% deposit of £2,175,000 and completion on 10 October 2025. The balance payable on completion, after the deposit and apportionments, is approximately £19,020,081 plus your separate SDLT and registration costs. We await your authority to exchange.
