Dear Marcus

Project Zephyr — patent and technology licence of the Helmsman platform to Wexbourne Retail Group Limited

Thank you for instructing Whitfield Carter LLP in connection with the proposed licensing of Penrose Robotics Limited's Helmsman autonomous fleet-orchestration platform and associated patent family to Wexbourne Retail Group Limited (the "Matter"). This letter, together with our enclosed standard terms of business, sets out the basis on which we will act for you.

1. Scope of our engagement

We will advise on and document the proposed licence, including: (a) reviewing and advising on the structure of the transaction; (b) preparing and negotiating the mutual non-disclosure agreement and the non-binding term sheet; (c) drafting and negotiating the patent and technology licence agreement and its schedules; (d) advising on the scope of the patent grant, exclusivity, royalty mechanics and limitation of liability; (e) co-ordinating freedom-to-operate and patent-validity input from Hartington IP; and (f) advising on completion and signature logistics.

Our engagement does not extend to tax advice (on which we recommend you take separate advice), patent prosecution, or regulatory clearances, unless separately agreed in writing.

2. Our team

The partner responsible for the Matter is Sarah Whitfield. The day-to-day conduct of the Matter will be led by James Osei (Senior Associate), supported by Elena Marchetti (Associate). You may contact any of us by telephone or email; our details are set out below.

3. Fees and disbursements

Our fees are based on the time spent by those working on the Matter at the following hourly rates (exclusive of VAT): Partner £695; Senior Associate £495; Associate £360. We estimate our fees for the Matter, through to signature of the licence, in the region of £85,000 to £110,000 plus VAT and disbursements, although this is an estimate only and will depend on the extent of negotiation. We will keep you informed if it appears the estimate will be materially exceeded.

4. Client money, complaints and regulation

Whitfield Carter LLP is authorised and regulated by the Solicitors Regulation Authority (SRA number 612345). Any disbursements incurred on your behalf will be billed as incurred. If at any time you are unhappy with our service, please raise it with Sarah Whitfield in the first instance; a copy of our complaints procedure is available on request.

5. Confidentiality and conflicts

We will keep your affairs confidential in accordance with our professional obligations. We have carried out a conflicts check and are not aware of any conflict that would prevent us acting. The codename "Project Zephyr" should be used in correspondence to preserve confidentiality.

Please confirm your agreement to these terms by signing and returning the enclosed copy of this letter. We look forward to working with you on the Matter.

Yours sincerely

Sarah Whitfield
