Your ref: SAW/WC-00115 Our ref: MG/VFS/0042 12 September 2025

Dear Sirs

Sutherland Logistics Limited and Vantage Freight Solutions Limited

We act for Vantage Freight Solutions Limited and write in response to your letter before action dated 18 August 2025. Liability is denied in full. Your client's letter mischaracterises both the contractual position and the performance of the parties.

As to the invoices, our client's position is that it was entitled to withhold payment by reason of our client's set-off and counterclaim arising from your client's service failures, particulars of which our client reserves the right to plead. Our client does not accept that the sums claimed are due.

As to termination, our client's case is that your client was in repeated and material breach of the service levels in Schedule 2 from late 2024, and that those breaches entitled our client to bring the Agreement to an end. In the alternative, the parties had by their conduct varied the Agreement so as to permit termination on notice. Your client's claim for the balance of the term is in any event significantly overstated and takes no proper account of mitigation.

Your client's claim is denied. If your client chooses to issue proceedings it does so at its own risk as to costs. This letter is written without prejudice to our client's full case, which will be set out in any Defence.

Yours faithfully

Marlowe Greaves LLP
