PRIVATE & CONFIDENTIAL

Report on Title

Acquisition of Quartz House, 14-18 Forbury Road, Reading RG1 3JH

To: The Board of Thornbury Properties Limited | From: James Osei (Senior Associate) | Date: 9 April 2026 | Ref: WC-00166 | Final

1. Executive summary

This report sets out the results of our investigation of title and pre-contract enquiries for the proposed acquisition of the freehold interest in the Property for £8,450,000 (the sale being intended to proceed as a transfer of a going concern). Title is good and marketable. Subject to the matters in section 7 - principally the outstanding ground-floor rent review and the discharge of the Seller's bank charge on completion - we recommend that the Company proceeds to exchange and completion. Exchange took place on 17 April 2026; completion is scheduled for 15 May 2026.

2. The Property and title

The Property comprises a four-storey multi-let office building of approximately 31,200 sq ft net internal area with 28 car-parking spaces. The freehold is registered under title number BK482913 with title absolute, the registered proprietor being Calderdale Asset Holdings Limited. The title plan accords with the demise.

3. Encumbrances

The Charges Register notes rights of way and service-media rights benefiting the Property, a 1998 deed of easement granting drainage rights to the adjoining owner, and a legal charge dated 2019 in favour of Pennine Business Bank plc. The Seller's solicitors (Marlowe Greaves LLP) have undertaken to discharge the charge on completion and to provide the DS1.

4. The tenancies

The Property is let to four tenants producing a total passing rent of £612,400 per annum exclusive, with a weighted average unexpired term of approximately 4.9 years to expiry (3.6 years to the earliest break). The largest income stream is the ground-floor letting to Meridian Software Solutions Limited at £248,000 p.a. The Unit 3 lease is contracted out of the security-of-tenure provisions of the Landlord and Tenant Act 1954.

5. Searches

The local authority, drainage and water, environmental and chancel searches reveal nothing that materially adversely affects the Property. The environmental search returned a passed result and there are no road-widening or compulsory-purchase proposals affecting the Property.

6. VAT

The Seller has opted to tax the Property. The sale is to proceed as a TOGC so that no VAT is chargeable on the price, conditional on the Company being VAT-registered and having opted to tax and notified HMRC before completion. We have confirmed the Company's option to tax was notified to HMRC on 2 April 2026. Were the TOGC treatment to fail, VAT of £1,690,000 would be payable.

7. Matters for the Board

7.1 The ground-floor rent review due 25 March 2026 remains outstanding; the contract prevents the Seller agreeing it without the Company's consent and we recommend the Company conducts the review post-completion. 7.2 Carrington Wealth LLP (Unit 1) has queried the 2024 service charge; a retention of £6,800 has been agreed on the completion statement pending resolution. 7.3 Completion is conditional on the solicitor's undertaking to discharge the Pennine Business Bank charge. 7.4 The £45,000 Unit 2 rent deposit will be assigned by separate deed and credited on completion.

8. Recommendation

Subject to the points in section 7 and completion of the outstanding items on the completion checklist, we recommend the Company completes the acquisition on 15 May 2026.
