REPORT ON TITLE — PRIVATE & CONFIDENTIAL

Project Redwood · Acquisition of Kingsgate House, 14–18 Farringdon Road, London EC1M 3HE

To	The Directors, Thornbury Properties Limited
From	Whitfield Carter LLP (Sarah Whitfield / James Osei / Elena Marchetti)
Date	24 March 2026
Our reference	WC-00108
Property	Kingsgate House, 14–18 Farringdon Road, London EC1M 3HE
Title number	NGL482190 (freehold, title absolute)

1. Introduction and executive summary

This report sets out the results of our investigation of title to the Property and our review of the Seller's replies to enquiries, the searches we have commissioned, and the occupational tenancies. It should be read together with the draft contract, the tenancy schedule and the replies to CPSE.1. Defined terms in this report have the meaning given to them in the draft contract.

Subject to the matters and recommendations set out below (none of which, in our view, is such as to prevent the acquisition proceeding), we are satisfied that the title to the Property is good and marketable and may safely be acquired at the agreed price of £18,500,000, subject to and with the benefit of the existing tenancies producing £1,362,200 per annum. The principal matters requiring your attention are summarised at section 11 (Recommendations and action points).

2. The Property and the title

Item	Detail
Tenure	Freehold, registered at HM Land Registry under title number NGL482190.
Class of title	Title absolute.
Registered proprietor	Belvedere Estates Limited (company no. 06721540), registered as proprietor since 12 March 2009.
Address	Kingsgate House, 14–18 Farringdon Road, London EC1M 3HE.
Description	A 1990s office building (comprehensively refurbished in 2009) of approximately 24,000 sq ft (net internal) over ground and five upper floors, with ancillary retail accommodation at ground floor level.
Price	£18,500,000 (freehold), subject to the occupational tenancies.
Net initial yield	Approximately 7.4% gross (before purchaser's costs), or approximately 7.0% after costs, on the current passing rent.

We have examined official copies of the register and title plan dated 6 March 2026. The title plan shows the Property edged red and we are satisfied that it accords with the extent of the Property as described in the contract and as shown to us on inspection. There are no notes on the title plan suggesting any discrepancy in the registered extent.

3. The property register

The property register describes the Property as the freehold land shown edged red on the title plan, being Kingsgate House, 14–18 Farringdon Road, London EC1M 3HE. The register notes the benefit of a deed of easement dated 4 June 1998 granting rights of support over the adjoining property at 20 Farringdon Road, and the benefit of rights of access and services over the service yard to the rear. These rights are appurtenant to the Property and pass to the Buyer on completion. There are no exceptions or reservations that adversely affect the value or use of the Property as an office investment.

4. The proprietorship register

The proprietorship register shows Belvedere Estates Limited as registered proprietor with title absolute. There is a restriction in standard form K (charge) referable to the Seller's existing bank security (see section 5). There are no other restrictions, cautions or bankruptcy entries affecting the proprietor. We have carried out a Land Registry priority search (form OS1) which gives the Buyer a priority period within which to complete and register the transfer.

5. The charges register and incumbrances

The charges register contains the following entries:

(a) a registered legal charge dated 15 June 2009 in favour of Crownbridge Bank plc securing the Seller's borrowings. The Seller's solicitors, Marlowe Greaves LLP, have confirmed that this charge will be redeemed on or before completion and have undertaken to provide a DS1 (or to procure electronic discharge) following completion. Completion is conditional on receipt of that undertaking in agreed form;

(b) the deed of easement dated 4 June 1998 referred to above (rights of support in favour of the adjoining owner), which does not adversely affect the Property; and

(c) the occupational leases noted on the register, which are dealt with in section 6 below.

Save for the bank charge (which is to be discharged) we have not identified any incumbrance that materially affects the value of the Property or its use as an office investment.

6. The Tenancies

The Property is let in accordance with the tenancy schedule, comprising six occupational interests over the ground and first to fifth floors. The current total passing rent is £1,362,200 per annum. The leases are on effectively full repairing and insuring terms (the landlord insures and recovers the premium through the service charge / insurance rent). A summary follows:

Floor / unit	Tenant	Passing rent (£ p.a.)	Lease expiry	Review / break
Ground (retail)	Café Bertrand Ltd	95,000	24.03.2029	Review 25.03.2024 (agreed); no break
1st floor	Halden Consulting LLP	242,000	23.06.2031	Review 24.06.2026; break 24.06.2028
2nd floor	Northwind Media Ltd	246,400	28.09.2030	Review 29.09.2025 (agreed); no break
3rd floor	Ardent Software Ltd	255,200	24.12.2032	Review 25.12.2027; break 25.12.2029
4th floor	Pemberton Recruitment Ltd	255,200	24.03.2033	No outstanding review; no break
5th floor	Meridian Architects LLP	268,400	24.12.2031	Review 25.12.2026; break 25.12.2029
Total		1,362,200		

We have reviewed each lease and the apart-from-rent provisions (alienation, alterations, user, repair and insurance). All are in the landlord's standard institutional form. We note that two rent deposits are held by the Seller (£23,750 in respect of the ground floor and £63,800 in respect of the fourth floor); the benefit of these deposits, and the related rent deposit deeds, will be assigned to the Buyer on completion. There are no rent reviews currently outstanding (the 2024 and 2025 reviews having been agreed and documented) and the Seller has confirmed there are no rent arrears as at the date of these enquiries.

7. Searches

We have commissioned and reviewed the following searches:

Search	Result
Local authority (LLC1 and CON29) — London Borough of Islington	No adverse entries. The Property is not listed and is not in a conservation area. The Farringdon public realm works are noted but do not affect the Property's access or rights.

Search	Result
Drainage and water (CON29DW)	The Property is connected to mains foul and surface water drainage and to a mains water supply. A public sewer crosses the rear service yard; building over it is subject to the usual statutory controls but does not affect the existing building.
Environmental (desktop)	The report returns a 'passed' overall risk assessment. No further environmental investigation is recommended for an acquisition of this nature.
Chancel repair	No chancel repair liability is registered against the title; the risk is, in any event, residual following the relevant legislative changes.
Land Registry priority (OS1)	Priority obtained to 5 June 2026; no adverse entries pending.

8. Planning and statutory matters

The CON29 replies confirm that the Property has the benefit of planning permissions for office (Class E) and ancillary retail use, and that there are no outstanding enforcement or stop notices, no revocation orders and no current planning applications affecting the Property. We have not been instructed to, and do not, advise on the suitability of any future change of use or development. An Energy Performance Certificate (rating C) is in place, which satisfies the current minimum energy efficiency standards for continued letting.

9. VAT

The Seller has elected to waive exemption (opted to tax) in respect of the Property and notified the option to HMRC with effect from 1 April 2014. The parties intend that the sale be treated as a transfer of a going concern (TOGC) so that no VAT is chargeable on the Purchase Price. To secure TOGC treatment the Buyer must, before completion, be registered for VAT and have exercised and notified its own option to tax, and must give the warranties set out in the contract. We will deal with the mechanics with your tax advisers; if TOGC treatment is not available, VAT of £3,700,000 would be chargeable on the Purchase Price (recoverable, subject to the Buyer's VAT position) and would also increase the SDLT base.

10. Replies to enquiries and disclosed matters

We have reviewed the Seller's replies to CPSE.1 (version 3.8) and the supplemental enquiries we raised on the tenancies and the rent deposits. The replies are, in our view, satisfactory for an investment acquisition of this kind. The Seller has disclosed routine local authority correspondence regarding the Farringdon public realm works (which does not affect the Property), and the deed of easement of 4 June 1998. No notices materially affecting the Property have been received.

11. Recommendations and action points

11.1 Proceed to exchange on the basis of the draft contract, with completion conditional on the Seller's solicitors' undertaking to discharge the Crownbridge Bank plc charge and to provide a DS1 (or electronic discharge);

11.2 ensure the Buyer is registered for VAT and has opted to tax and notified HMRC before completion, to secure TOGC treatment;

11.3 procure assignment of the two rent deposits (£23,750 and £63,800) and the related rent deposit deeds on completion;

11.4 serve notices of the transfer on all six tenants immediately following completion, and collect the next quarter's rents through the managing agent;

11.5 submit the SDLT return and pay SDLT of £914,500 within 14 days of completion; and

11.6 register the transfer at HM Land Registry within the priority period (by 5 June 2026).

This report is addressed to and is for the sole benefit of the directors of Thornbury Properties Limited in connection with the acquisition of the Property and may not be relied on by any other person without our prior written consent.
